

## NIKE TIMING

NIKE designs watches utilizing the latest in technology and manufacturing techniques. To assure the best possible service for your NIKE watch, we recommend Parsec, our Authorized Service Facility. Parsec is trained to repair NIKE watches, and stocks a large assortment of replacement parts to keep your NIKE watch in perfect working order.

### **For Battery Replacement**

The cost for battery replacement \$35.00 , and includes diagnostics of the internal mechanism, external cleaning, pressurized water resistance testing and return S/H & Insurance Fee. Since NIKE watches are water-resistant, it is important that it be properly water tested whenever the case back is removed, to ensure the resistance level is preserved.

### **How to Make a Warranty Claim**

Send product to the address shown on send-in form on other side. Please include the following information along with your NIKE watch:

1. Completely filled out send-in form, be sure to include a brief description of the problem.
2. Copy of your original receipt.

### **Two-year Limited Warranty**

Your NIKE watch is warranted to be free of defects in materials or workmanship, under normal use, for a period of two years from the date of original purchase. This limited warranty excludes damages resulting from improper care or handling, accidents, modification, unauthorized repairs or normal wear. If there is a covered defect, you have the option to have the defective parts of the watch repaired or replaced with the same product (if available) or a similar product of equal price. However, NIKE reserves the right to refuse either repair or replacement (but not both) if the cost of doing so would be disproportionate to the defect. For complete warranty information, a list of service centers outside the US, downloadable owner's manuals, and additional information of our complete line of sports watches, visit [www.NIKETiming.com](http://www.NIKETiming.com)

### **Non-warranty Service**

The NIKE authorised service center (Parsec) will service your watch for a nominal fee for repairs performed after the expiration of the warranty period, or services required that are not covered under warranty. Servicing your NIKE watch at any location outside of Parsec will void your warranty. You may send your watch directly to Parsec without obtaining written authorization from Parsec or NIKE. Once delivered, Parsec will evaluate your watch and send a written estimate. No repairs will be done without your authorization. It is not necessary to include a proof of purchase if product is not within the warranty period and/or is being sent in for Non-warranty service and/or part replacement. Please be sure to include completely filled out send-in form and the Return S/H & Insurance Fee of \$12.95 (This fee is non-refundable and is not covered by the manufacturer).

*Effective 03/06*

# Sending your product for service ...

Place your watch in a small sturdy box. (Original packaging WILL NOT be returned with product after repair.) Secure it from moving in the box by filling the surrounding area with packing material. Insure your watch against loss or damage.

**Include-** This completed form along with product, \$12.95 (if not under warranty period) and proof of purchase (if under the warranty period).
